PROFESSIONAL SUMMARY

Software Engineering graduate with hands-on experience in full-stack web development and IT support. Developed and maintained an official school website using Laravel, PHP, Blade, JavaScript, CSS, and MySQL, while gaining practical experience in Windows administration, MikroTik, networking, and hardware troubleshooting through an IT support internship. Always eager to learn new technologies and continuously improve technical skills.

WORK EXPERIENCE

IT Support Intern

PT Energi Sukses Andalan, Tangerang | June 2025 – October 2025

- Installed and configured Windows operating systems, Microsoft Office, device drivers, and essential software on desktops and laptops.
- Performed hardware installation, upgrades, and preventive maintenance, including RAM and SSD replacement, device cleaning, and system optimization.
- Diagnosed and resolved hardware, software, printer, and network issues to ensure minimal downtime.
- Configured MikroTik routers, LAN connectivity, printer sharing, and basic network infrastructure.
- Installed and maintained desktop computers, laptops, printers, CCTV systems, and peripheral devices.
- Crimped and tested Ethernet cables while supporting network installation and maintenance.
- Maintained accurate IT asset inventory, technical documentation, and equipment records.
- Collaborated with the technical team to provide on-site technical support and assist with building infrastructure maintenance.

Freelance Full-Stack Web Developer

Self-Employed | November 2025 - Present

- Developed and maintained an official school website using Laravel, PHP, Blade, JavaScript, CSS, and MySQL.
 - Integrated the Google Gemini API to provide AI-powered assistance for answering school-related questions and improving information accessibility.
 - Built a secure content management system (CMS) that enables administrators to manage school profiles, news, announcements, galleries, and academic information.
 - Implemented authentication, role-based access control, CRUD operations, form validation, and file management features.
 - Designed and optimized the relational database to ensure data consistency, scalability, and reliable performance.
 - Developed responsive and user-friendly interfaces to deliver a seamless experience across desktop and mobile devices.
 - Collaborated with stakeholders to translate school requirements into functional web features and continuously improve the platform.
-
